

3rd annual duwamishalive

restore the river

Restoration: 10am to 2pm

Come join us as hundreds of volunteers roll up their sleeves to work on multiple simultaneous habitat restoration projects along the Duwamish River.

Duwamish Alive! is a chance for people to reclaim the river by weeding invasive plants, planting native species, mulching the planting areas, and picking up debris from the riverfront sites.

Earth Day Festival: 2pm to 5pm

Celebrate Earth Day at the Cooper School near Pigeon Point Park. Free food, performing arts, nature hikes and fabulous giveaways.

SATURDAY APRIL 19, 2008 10am to 2pm
